Sheryl Wincheste

This cause came on for consideration of defendant's motion for summary judgment, no request for oral argument having been made as required by the Rules of this Court.

Upon review of the pleadings, memoranda and affidavits the Court finds the motion to be well taken. The law in Ohio requires compliance with Federal Regulations and substantial compliance is insufficient.

It is, therefore, ordered that count one of the Complaint, and it is hereby, dismissed at Plaintiff's cost. This case is continued for trial setting until June 18, 1982, #5, 2:00 PM.
