Reasons to Celebrate

Your steady support extended Legal Aid's reach to 16,947 Northeast Ohioans in 2018 – 6,995 of which were children.

Through your generosity, we helped families living in poverty stop their civil legal problems from escalating into emergencies.

In 2018 Legal Aid:

- Increased client safety in 97% of relevant cases
- Prevented over 90% of client evictions
- Secured access to health insurance for 96% of clients
- Removed barriers to education for 95% of clients
- Reduced client debt and increased income and assets by a combined \$10.3 million

These outcomes help move families from poverty to greater engagement in our community.

Through your partnership, we can foster a stronger, thriving democracy with justice for all.
